

## Integrated Consulting Advice for the Food Industry

Halmar Pty Ltd is a specialist supplier to the Food Processing and Manufacturing Industry. We provide Functional Blended Ingredients custom designed for individual requirements, Safety Equipment, All Butcher's Supplies, Commercial Processing Machinery, Packaging, Abattoir Equipment, Logistical Assistance, Training Services and good old fashioned SERVICE.

We understand the importance of Personalised Service and take pride in ensuring that all your requirements are catered for. We work with our customers designing & developing ingredient systems. We have extensive experience in the Meat and Poultry, Snack Food, Canned Foods, Bakery, Catering, Food Service, Confectionary, Dairy & Soft Drink Industries.

“ We are proud to provide innovative products and solutions for the Food Manufacturing Industry in Australia and the South Pacific. ”

MARK HARRIS, HALMAR PTY LTD.

Heading Halmar Pty Ltd is Mark Harris, a trade-qualified butcher with over 16 years experience in retail and smallgoods manufacturing. Mark has worked in the Food Ingredient Manufacturing industry since 1996 and can supply business and government departments with all their manufacturing requirements.

Our valued customers are from all over Australia, Papua New Guinea, Fiji and the South Pacific. They are a testament to the pride we take in providing an un-matched level of service and quality of product. No matter how large or small your requirements, our service allows our customers more time and freedom to focus on their business, knowing that with Halmar they are in good hands.
